To whom it may concern,

I would like to thank Chris & the team at Chappell Building Systems (CBS) for providing an excellent service & an outstanding product

Chris designed & constructed a 12 unit industrial project for us at Somersby in 2017/2018. This was our first project with CBS. I valued Chris advice & the professionalism which he & the team conducted themselves. The design was innovative & adapted well to the site, the project was very well received & was 100% committed prior to completion.

The greatest attestation to our recommendation is that we engaged CBS in 2018/2019 to construct two additional industrial projects in Somersby & West Gosford which are both currently under construction. I have the greatest confidence as we conclude these projects that CBS will once again deliver an outstanding project.

I recommend Chris & Chappell Building Systems as a trusted & reliable construction company with the flexibility to provide a wide variety of services from concept to completion & a positive can do attitude to getting the job done.

Yours Sincerely
